

A schematic diagram of a microscope with numbered components 1 through 11. The diagram shows the optical path from the specimen to the eyepiece. Component 1 is the eyepiece, 2 is the eyepiece lens, 3 is the eyepiece tube, 4 is the eyepiece window, 5 is the eyepiece housing, 6 is the objective lens, 7 is the objective tube, 8 is the objective housing, 9 is the objective window, 10 is the objective tube, and 11 is the objective housing. The diagram illustrates the internal structure and optical alignment of the microscope.
